NOTICE OF PUBLIC COMMENT ON
Site Management Plan
Former Hercules Bacchus Plant 3 Site
Approximately 5400 South 7000 West
West Valley City, Utah

The Director of the Division of Waste Management and Radiation Control invites comment from the public on a draft Site Management Plan (SMP) developed by GeoSyntec Consultants to address the historic release of 1,1,1 trichloroethane (1,1,1-TCA) within the former Hercules Bacchus Plant 3 site located at approximately 5400 South 7000 West, West Valley City, Utah. The former Hercules Bacchus Plant 3 site is currently owned and operated by Hexcel Corporation, except for a former Bacchus Plant 3 pond that is still owned by Hercules LLC. The draft SMP includes the activity and use limitations for the land and the groundwater to ensure the protection of human health and the environment. An Environmental Covenant will be developed and recorded in the Salt Lake County Recorder Office once the SM P has been approved.

A 30-day public comment period to receive comments on the proposed SMP will commence on October 4, 2021 and end at 5 p.m. on November 2, 2021.

Documents related to this SMP can be reviewed at the Division of Waste Management and Radiation Control Public Notices web site at:
